POLICY STATEMENT

The University attempts to deal openly, fairly, and effectively with any comment or complaint of an individual, service provided, or any of its processes, and to offer an appropriate remedy to anyone who is adversely affected.

The University understands that there may be cases when an individual might want to report their concerns anonymously or with confidentiality. To the extent possible, the University will keep reports confidential. If the individual does not identify himself or herself, however, the University might not be able to respond appropriately to the individual’s concern. Further, there may come a time when the University cannot proceed with the investigation without obtaining additional information from the reporting person(s). Therefore, persistent anonymous complaints will be systematically addressed to determine if the complaint(s) should be investigated.

Florida International University, as a member of the State University System of Florida, is an Equal Opportunity, Equal Access Affirmative Action Employer. FIU prohibits discrimination based on race, color, national origin, sex, sexual orientation, gender identity, gender expression, pregnancy, religion, age, disability, marital status, veteran status, and other protected categories.
