POLICY STATEMENT

The University awards at the undergraduate level the Associate in Arts, Bachelor of Arts, Bachelor of Science and professional degrees.

Degree requirements vary among programs and are published in the Undergraduate Catalog.

Florida International University tracks students’ progress in achieving their stated goals. When an undergraduate student completes his or her degree requirements as confirmed by the Dean or designee of the student’s program and is eligible to be awarded a degree, the University reserves the right to award the degree. Once FIU awards a degree to a student, the student’s academic history associated with the degree cannot be changed.

SCOPE

This policy applies to undergraduate degree-seeking students.

REASON FOR POLICY

To state the type of degrees offered at the undergraduate level.

ROLES AND RESPONSIBILITIES

Academic Advisors monitor student progress to degree and inform students, Academic Deans, and the Office of the Registrar when degree requirements are met.

Each academic department is responsible for ensuring that degree requirements are regularly available to ensure students’ timely degree completion and for approving any course substitutions that will satisfy degree requirements.

Academic Deans and their designees are responsible for working with the Academic Advising Technology department to ensure that degree audits, maps, and other technological tools accurately reflect and track degree requirements.
